STAY CONNECTED, EVEN FROM AFAR

Dahua USB camera enables clear and easy remote communication

With the rapid development of global economy, the demand for remote working and learning is surging. Our USB camera, which works with common video conferencing software to provide a clear, fluent and easy communication, is an ideal choice for these requirements, making communication accessible without distance limitation.

Life-like Communication | Wide Field of View | Simple Operation

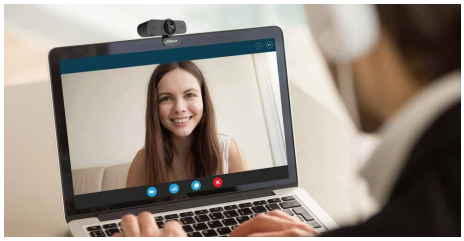
KEEP DISTANCE, STAY CONNECTED

Dahua USB camera empowers clear and easy remote communication

Highlights

Life-like Communication

- 1080P/4K resolution with vivid and clear details.
- H.265 encoding brings smooth visual experience.
- Up to 3 meters pickup distance and all-dimensional stereo sound effect.



Wide Field of View

- High quality lens covers a large monitoring range and better restores the real scene.
- UC320 & UC325 support up to 84.5° horizontal field of view with less than 1% lens distortion.
- Optional models with extra-wide FOV of up to 120° (4K) and 110° (1080P).

Simple Operation

- Flexible installation modes on monitor, tripod or desktop.
- Real plug & play with USB connection.
- Driver-free adaption to Windows, Linux, Mac OS, Android, etc.
- Compatible with common video conferencing platforms.
