New UI, New Experience

Redesign for easy to use

Easy to Use

Easy to Match

Easy to Guard

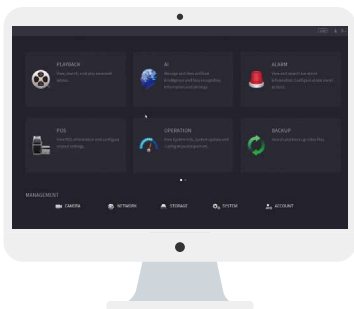

NVR 4.0, New UI, New Experience

Dahua Technology brings brand new NVR 4.0 with easy-to-use experience for users. New UI with flat and modular interfaces design makes operation more user-friendly. Boasting the enhanced compatibility, NVR4.0 supports different versions of browsers so that users can login and operate fluently without being troubled by such issues as browser updates, incompatible plug-ins or incompatible Flash. In addition, NVR4.0 has better compatibility with various IPC, such as TPC, AI fisheye, and PTZ. To bring comprehensive protection to the system, the newly added security protocol supports Firewall for network security requirements, as well as Seagate* SHM, can actively protect the data safety. More features from NVR4.0 await you to explore!
