IP68, 1.5m Drop Test,  
Long Service Time

# Dahua Mobile Portable Terminal

With its built-in/external high resolution cameras, built-in microphone and GPS module, the MPT320 can capture videos, audios and photos during the event. It is also capable of storing and transmitting the evidence to the platform via 4G or Wi-Fi network. These features make MPT320 an ideal choice for law enforcement, transportation, security guard service, insurance company, energy industry, etc.

- Allows one touch recording/capturing, and capturing image during recording videos.
- Provides time stamp, operator and GPS information on videos and images.
- Offers one touch SOS alert, remote video preview and Group Talk, which are convenient for Control Center communication and remote deployment.
- Supports AI applications such as Face Recognition and LPR to quickly locate suspected human or vehicle.
