# Code scanning rules:

Scan only the legally distributed Dahua products to get points, and the same product series offers the same points. You can not get any points in the following conditions:

- ▶ Scan a Dahua product which is not from the country you registered in the App, you get no point.
- ▶ A product which is not a Dahua product offers no point.
- ▶ Dahua products offer points non-repetitively. Those which have already been scanned offers no additional points.
- ▶ Products specially made for projects as well as OEM products offer no points.

Aside from above mentioned situations, you can properly get points by scanning Dahua products' bar codes.
