

# Front-view Monitoring Camera

Dahua ADAS series

High Resolution

Low Power Consumption

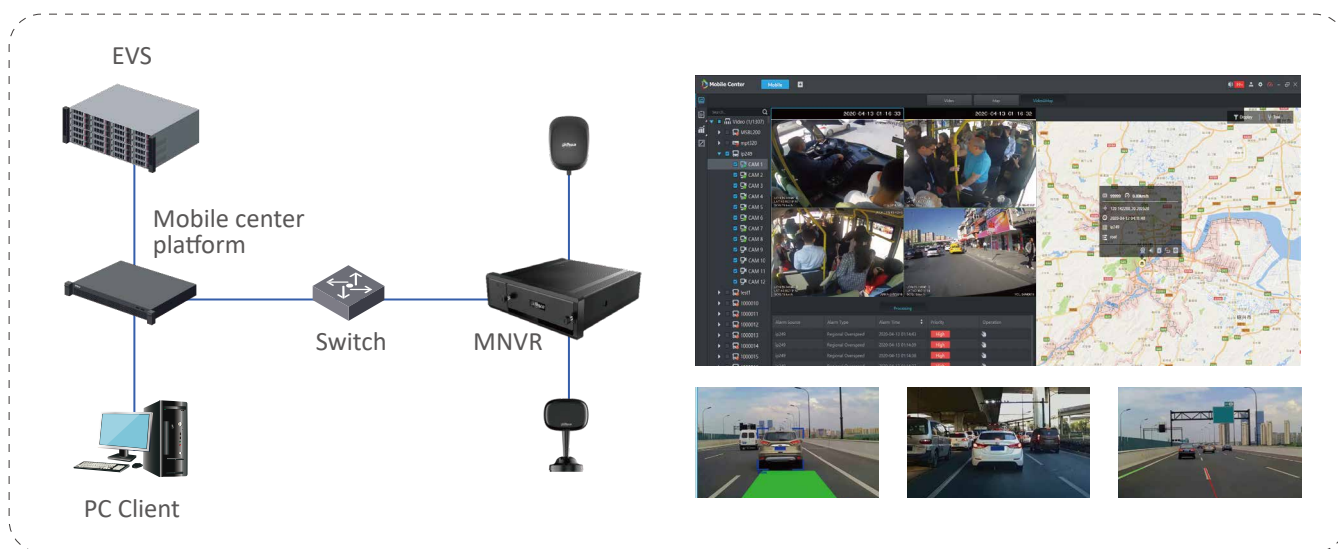

Low Illumination

## Highlights

The ADAS series adopts wide dynamic range and low illumination, ensuring high image quality under different lighting conditions. Adjustable camera angle suits various vehicle types, and connection with the car-mount terminal realizes early warnings for forward collision, lane departure and headway monitoring.

## Recommended Solution

## Application Scenarios

The camera is applicable for mounting on vehicles to connect with carmount terminals, which realizes early warning and safe driving.

## Recommended Products

DHI-DAE-CFM5210  
ADAS Camera

MNVR8104-I  
Mobile Video Recorder

Mobile Center  
Comprehensive And Expandable VMS
